PROFILE

Motivated and results-driven ICT graduate with a Diploma in ICT Application Development (NQF 6) and hands-on experience in full-stack development, web app development and software engineering. Recently completed intensive Python and React bootcamp training. Passionate about technology innovation, problem-solving, and continuous learning.

SKILLS & COMPETENCIES

Technical Skills:
- Programming: Java, Python, JavaScript
- Web Development: HTML, CSS, React, Bootstrap
- Mobile Development: Flutter, Dart
- Frameworks & Tools: Flask, Git, GitHub, Ubuntu
- CS Fundamentals: OOP, Data Structures, Algorithms, Problem Solving

Soft Skills:
- Collaboration & Communication
- Critical Thinking & Adaptability
- Time Management & Continuous Learning

EDUCATION & CERTIFICATIONS

Diploma in ICT Application Development (NQF 6)
Walter Sisulu University | Feb 2021 – Dec 2023
- Specialised in Development Software, Computer Architecture, and Technical Programming.
- Built practical, team-based software projects with real-world applications.

Bootcamp in Python & Full-Stack Development
GirlCode | Jun 2024 – Sep 2024
- Developed a full-stack expense tracker (Flask backend, React frontend).
- Focused on API integration, performance optimization, and dynamic features.

Certifications & Training:
- SheCodes Basics
- SheCodes Basics Add-on

- Samsung Innovation Campus: Python Coding and Programming Course
- Samsung Innovation Campus: Artificial Intelligence Course
- IBM: Data Analysis Using Python
- IBM: R Essentials
- IBM: Python for Data Science
- IBM: Data Visualization with R
- IBM: Data Visualization with Python
- IBM: Data Science Tools
- IBM: Big Data Foundations - Level 1
- Girlcode Group: Python Bootcamp

PROFESSIONAL EXPERIENCE

IT Intern — PAICTA | Oct 2024 – Present | Buffalo City, South Africa
- Contributed to agile development projects from requirements gathering to deployment.
- Debugged and optimized code for improved performance and stability.
- Completed training in cybersecurity and networking fundamentals.

PROJECTS

Nethub Cafe — E-commerce Website
- Built with HTML, CSS, JavaScript & Paystack for secure payments.
- Implemented cart functionality, mobile-first responsive design, and real-time updates.

Expense Tracker App — Full-stack Web App
- Developed in React (frontend) and Flask (backend).
- Integrated dynamic data handling and responsive UI design.

Namer App — Flutter Mobile Application
- Generated and saved custom word pairs.
- Applied state management using Provider.

AWARDS

- Samsung Innovation Campus (Feb 2024): Top 3 performer in Artificial Intelligence course.
